## About Victoria Academy

Victoria Academy is a premier Australian educational institution with a presence across Melbourne, Hobart, and Rawalpindi. We specialise in delivering world-class English Communication, Spoken English, IELTS, PTE, LanguageCert and Versant placement, along with comprehensive skill-development programs for students of all ages. Our programs are designed to bridge the gap between traditional learning and the demands of the modern, globalised world.

## Our Previous Summer Club

Victoria Academy proudly launched its Summer Club for young learners in Rawalpindi a tremendous success that brought together students from across the city for a memorable season of learning, confidence-building, and community.

Building on that incredible experience, we are thrilled to present The Kids Club 2026 bigger, bolder, and better than ever.

## OUR VISION & MISSION

To be the leading educational bridge between Pakistan and Australia, empowering students with skills, confidence, and a global mindset that opens doors to unlimited opportunities worldwide. We are committed to delivering premium, modern learning experiences in Pakistan, making interactive and future-focused education accessible to every ambitious child and student in our community.

# Why Choose an Australian-Designed Program?

## Modern Curriculum

Based on Australia's world-ranked K-12 framework, proven to develop critical thinking, creativity and communication skills from an early age.

## International Standard

Victoria Academy brings authentic Australian private-school quality directly to your city, without the need to travel abroad.

## Active Learning Beyond Screens

Children will spend less time on screens and more time developing meaningful friendships, practical skills, creativity, and self-confidence through guided activities.

## Certified Achievement

Students receive Certificates of Completion recognised by Victoria Academy, a valuable credential for any student portfolio.

## Expert Facilitators

Our trainers are experienced, qualified educators combining Australian pedagogy with deep understanding of Pakistani student needs.

## Small Group Learning

Low student-to-teacher ratios ensure every child receives individual attention, guidance, and encouragement throughout the program.

# Program Overview

The Kids Club 2026 by Victoria Academy is a structured 6-week intensive enrichment program designed for children and young learners in Rawalpindi, Pakistan. Combining Australian educational philosophy with engaging, hands-on activities, the program ensures every child grows in confidence, communication, and capability.

- Social Media Harm awareness session

WEEK

6

### FINAL PROJECTS, SHOWCASE & FAREWELL

- Final Project Preparation
- Student Showcase Event: full presentations
- Last Day, Mothers' Day
- Creative Showcase: share your work with peers

# Parent Guide: Why Your Child Needs This?

Your child needs this program because it will equip them with the confidence to speak up, the creativity to think beyond boundaries, and the emotional strength to lead and collaborate effectively. They will learn to navigate the digital world safely, express themselves with purpose, and develop the real-world skills that classrooms alone simply don't teach. This is where your child doesn't just grow, they transform.

01

## COMMUNICATION & CONFIDENCE

In a world that rewards those who speak up, many children struggle to express their ideas clearly and assert themselves confidently. Poor communication holds even the brightest minds back, in classrooms, friendships, and eventually careers. This module helps your child find their voice, communicate with clarity and purpose, and walk into any room feeling prepared and self-assured.

02

## CREATIVITY & INNOVATION

The jobs of tomorrow demand thinkers, not just followers and creativity is the skill that sets exceptional individuals apart. Many children have brilliant ideas but never learn how to develop, express, or act on them. We nurture your child's natural curiosity and teach them to approach every challenge with an open, inventive mindset, a skill that pays dividends in school, work, and life.

03

## EMOTIONAL INTELLIGENCE & WELLBEING

Academic success means little without the emotional resilience to handle pressure, setbacks, and relationships. Children who understand their emotions and the feelings of others are better equipped to thrive in every area of life. This module equips your child with the self-awareness and empathy to manage their feelings, build healthy relationships, and bounce back from challenges with strength and confidence.

04

## LEADERSHIP & TEAMWORK

Whether leading a group project or supporting a teammate, great leaders are made, not born and those qualities can be developed at any age. Children who learn to collaborate, communicate, and take responsibility early carry those traits with them for life. Your child will learn how to take initiative, work effectively within a team, and inspire those around them, qualities every school, employer, and community deeply values.

## DIGITAL SAFETY, SOCIAL MEDIA AWARENESS & CAMERA CONFIDENCE

05

Children today are growing up online, often without the guidance they need to navigate it safely or purposefully. Without the right skills, the digital world can be overwhelming, misleading, and even harmful. This module teaches your child to protect themselves digitally, present themselves with confidence and intention on social media, and communicate effectively and naturally on camera, skills that are non-negotiable in today's world.

## FINAL PROJECTS, SHOWCASE & FAREWELL

06

Every great journey deserves a moment to shine, and this is exactly that. Your child will bring together everything they have learned throughout the program to create and present their very own project with confidence and pride. It is a celebration of their growth, a testament to their hard work, and the kind of milestone that builds the lasting self-belief they will carry with them long after the program ends.

# Learning Outcomes & Student Skills Development

By the end of The Kids Club 2026, students across all age groups will have demonstrated measurable growth in the following key competency areas:

## JUNIOR KIDS (5–8 Years)

- ❖ Improved phonics and basic reading fluency
- ❖ Ability to introduce themselves and speak in front of peers
- ❖ Enhanced fine motor skills through art & craft activities
- ❖ Basic numeracy through play-based games
- ❖ Positive social skills and team participation
- ❖ Confidence in classroom participation and self-expression

## MIDDLE GROUP (9–11 Years)

- ❖ Fluent conversational English with improved pronunciation
- ❖ Ability to write a structured paragraph or short essay
- ❖ Demonstration of leadership in group tasks

## SENIOR GROUP (12–14 Years)

- ◆ Confident public speaking and debate participation
- ◆ Advanced writing: essays and persuasive pieces
- ◆ Business pitch and entrepreneurship basics
- ◆ Understanding of AI, future technology, and digital safety

## Premium Program Features

◆ Australian Designed Curriculum	Built on world-ranked Australian educational standards adapted for Pakistani learners.
◆ Modern Interactive Learning	Every session is activity-based. no passive lectures, only engaged, participatory learning.
◆ Safe & Positive Environment	A nurturing, inclusive space where every child feels valued, heard, and celebrated.
◆ Certified Completion	Victoria Academy Certificate recognised and valued for student portfolios and academic records.
◆ Small Classroom Focus	Maximum 15 students per class ensures personalised attention and accelerated progress.

## Fun Activities, Competitions & Rewards

Activity	Details
◆ Activity Day	Every Friday, students participate in a fun, interactive Activity Day with friendly challenges and certificates for all participants
◆ Vocabulary Challenge	Daily vocabulary competitions
◆ Creative Writing	Students will enhance their creativity by writing stories, descriptions and essays.
◆ Reading Excellence	Speed reading and comprehension challenges

# Parent Benefits & Engagement

## DIGITAL UPDATES

Follow your child's journey on WhatsApp with regular photos, activity updates, and announcements.

## MOTHERS' FAREWELL INVITATION

All mothers are invited to our Week 6 Student Showcase, a presentation event where students demonstrate their skills.

## TRANSPARENT COMMUNICATION

Our team is always available via WhatsApp, phone, or in person to discuss your experience and progress.

# Farewell Kids

Farewell Kids is a special culminating celebration marking the end of an incredible 6-week journey. Every student who completes the program will receive a formal Certificate of Completion issued by Victoria Academy. This is a day of recognition, joy, and community, honouring every child's achievements and the incredible efforts of our families.

# Enrollment Information

Secure your child's place in The Kids Club 2026 today. Seats are strictly limited to ensure our premium small-group learning experience. Early enrollment is strongly recommended.

## STEP 1

### CONTACT US

Call or WhatsApp us on +92300 5631395 or visit our website to express interest and confirm seat availability.

## STEP 2

### COMPLETE REGISTRATION FORM

Fill in the Student Registration Form (available at the academy or via WhatsApp) with student details and age group.

## STEP 3

### PAY REGISTRATION FEE

Submit the enrollment fee to confirm your child's place. Payment plans may be available, ask our team.

## STEP 4

### RECEIVE CONFIRMATION

Receive your official enrollment confirmation and program schedule.

# FAQs

Q: Will my child just play games all day?

A: Nice try. Every activity is designed to build confidence, communication, leadership, creativity, or future-ready skills. The fun is just the disguise.

Q: My child is very shy. Can they still join?

A: Especially if they're shy. Today's quiet child could be tomorrow's school captain, entrepreneur, or public speaker.

Q: Will my child be using phones during class?

A: Not for endless scrolling. We teach children how technology works, how social media influences them, and how to stay safe online.

Q: Is this just another holiday program?

A: Nope. We're building life skills that schools often don't have time to teach.

Q: My child already spends too much time online. Will this help?

A: Absolutely. We teach kids how to outsmart scammers, avoid online traps, and use technology wisely instead of mindlessly.

Q: What if my child says they don't want to come?

A: Ask them again after Day 1.

Q: Why teach emotional intelligence?

A: Smart kids succeed. Emotionally intelligent kids thrive.

Q: Why teach leadership?

A: The world already has enough followers.

Q: Why teach social media awareness?

A: Because predators, scammers, fake news and online pressure don't wait until adulthood.

Q: Will my child make friends?

A: Very likely. We've designed activities that turn strangers into teammates.

Q: Is there a limit on seats?

A: Yes. Unlike YouTube, this isn't unlimited. Once seats are filled, enrollments close.

Q: What if I wait until the last minute?

A: Then you're competing with every other parent who waited until the last minute.

Q: What is the biggest benefit of the program?

A: Your child leaves with more confidence, better communication skills, stronger values, and memories they'll actually talk about at home.

Q: What is the last date to enroll?

A: Enrollment closes once all seats are filled. Contact us immediately to secure your child's place as availability is strictly limited.

Q: Will there be certificates?

A: Yes. But the confidence, friendships and skills will last much longer than the certificate.

Q: Why teach social media awareness?

A: Because scammers don't check age before sending messages.

Q: What if my child makes mistakes?

A: Perfect. That's where learning usually starts.

Q: Why teach public speaking?

A: One day they'll need to introduce themselves without hiding behind Mum.

Q: What's the biggest risk of joining?

A: Your child might come home with too much confidence.

Q: What age groups can join?

A: The program is open to children aged 5–14 years, divided into three streams: Junior (5–8), Middle (9–11), and Senior (12–14).

Q: Will there be homework?

A: There is minimal homework, only fun take-home activities designed to reinforce learning. We believe summer should be enjoyable!

Q: What if my child misses a day?

A: We understand life happens. Make-up notes and activity sheets will be provided. However, consistent attendance is encouraged.

Q: Is the program in English only?

A: All instructions are in English. Our teachers provide Urdu support where needed so no child feels left behind.
